

Wykłady konferencyjne pracowników Katedry Matematyki w roku 2024

Lp.	Nazwa konferencji	Miejscowość, kraj, data	Tytuł wykładu/komunikatu/postera*	Autor/współautor*
1.	5th International Conference dedicated to 145th Birthday of Hans Hahn	Czerniowce, Ukraina, 23-27.09.2024	<i>Algebra and Geometry of Liners</i>	Taras Banakh
2.	Summer School ATA XVI: Subriemanian Geometry and Optimal Transport	Kolochava, Ukraina, 29.07-7.08. 2024	<i>Linear Geometry</i>	Taras Banakh
3.	9. Forum Matematyków Polskich	Katowice, Polska, 9-13.09.2024	<i>Lipschitzowskie obrazy przestrzeni hiperwypukłych</i>	Judyta Bąk
4.	46th Summer Symposium In Real Analysis	Łódź, Polska, 17-21.06.2024	<i>A universal operator on l_1</i>	Joanna Garbulińska-Węgrzyn
5.	Inspiration in Real Analysis II	Będlewo, Polska, 14-19.04.2024	<i>On the Darji-Matheron universal operator</i>	Joanna Garbulińska-Węgrzyn
6.	60th International Symposium on Functional Equations	Kościelisko, Polska, 9-15.06.2024	<i>Steinhaus-type property for regular surfaces</i>	Wojciech Jabłoński
7.	Algebraic and geometric methods of analysis	Odessa, Ukraina, 27-30.05.2024.	<i>About Rolewicz theorem on inversion of continuous bijection between F-spaces</i>	Olena Karlova
8.	46th Summer Symposium in Real Analysis	Łódź, Polska, 17-21.06.2024	<i>About Rudin problem on separately continuous functions – I</i>	Olena Karlova
9.	Summer School ATA XVI: Subriemanian Geometry and Optimal Transport	Kolochava, Ukraina, 29.07-7.08.2024	<i>Borsuk problem on partitions of n-dimesional figures</i> <i>Gauss numbers and one Diophantine problem</i>	Olena Karlova

10.	5th International Conference dedicated to 145th Birthday of Hans Hahn	Czerniowce, Ukraina, 23-27.09.2024	<i>About Rudin problem on separately continuous functions - II</i>	Olena Karlova
11.	International Conference on Generalized Functions – GF 2024	Turyn, Włochy, 16-20.09.2024	<i>Smoothness of the Dunkl analytic functions</i>	Grzegorz Łysik
12.	International Scientific Conference „Algebraic and Geometric Methods of Analysis”	Odessa, Ukraina, 27-30.05.2024	<i>Extending of partial metrics</i>	Volodymir Mykhaylyuk
13.	35th International Workshop on Operator Theory and its Applications	Cuntembery, Wielka Brytania, 12-15.08.2024	<i>On isometries and Tingley’s problem for combinatorial Tsirelson spaces</i>	Natalia Maślany
14.	5th International Conference dedicated to the 145th anniversary of Hans Hahn	Czerniowce, Ukraina, 23-27.09.2024	<i>Topological characterization of different types of quasi-metric spaces</i>	Volodymir Mykhaylyuk
15.	Challenges To National Defence In Contemporary Geopolitical Situation CNDCGS’2024	Brno, Czechy, 11–13.09.2024	<i>Information warfare model with internal conflict</i>	Anatolii Nikitin/ I. Samoilenko, N. Salo, T. Samoilenko, G. Verovkina, B. Krasniuk
16.	Problems of Decision Making Under Uncertainties PDMU-2024	Brno, Czechy, 9–10.09.2024	<i>Control problem generator for a diffusion process under Levy scheme with semi-Markov environment</i>	Anatolii Nikitin/ Y.Chabanyuk, R. Chypurko
17.	Inspiration in real analysis II	Będlewo, Polska, 14-19.04.2024	<i>1-Lipschitz images of 1-LAR</i>	Michał Popławski/ Taras Banakh, Judyta Bąk, Joanna Garbulińska-Węgrzyn, Magdalena Nowak
